

# Covering Connecticut

The effects of the Affordable Care Act on state residents

## NEW HAVEN

This analysis compares estimates of health care coverage in 2017 with the Affordable Care Act (ACA) and without it. Numbers are rounded to the nearest thousand.

For more data, please see the full report at [www.cthealth.org](http://www.cthealth.org).

### DEMOGRAPHIC OVERVIEW: New Haven residents under 65

119,000

total residents under age 65

11,000

uninsured, 2017

20,000

would be uninsured without the ACA

### 9,000 residents are covered because of the ACA

- Among New Haven residents under age 65, the uninsured rate is 9%. Without the ACA, it would be 17% – nearly twice as high.

### If the ACA was repealed, New Haven residents would experience disproportionate harm, compared to Connecticut residents statewide.

- 7% of New Haven residents under age 65 are covered due to the ACA.
- That compares to 5.4% of under-65 residents statewide who are covered because of the ACA.

### Coverage changes resulting from the ACA, New Haven residents under age 65, 2017

	Estimated number of people covered without the ACA	Estimated coverage under the ACA		Impact of ACA	
		Number of people	Percentage of New Haven residents < age 65	Number of people	Percentage change
Medicaid	39,000	47,000	39%	8,000	19%
Employer-sponsored insurance	52,000	53,000	44%	**	**
Individual market	5,000	6,000	5%	**	**
Other*	3,000	3,000	2%	**	**
Uninsured	20,000	11,000	10%	-9,000	-43%
<b>Total</b>	<b>119,000</b>	<b>119,000</b>	<b>100%</b>

## New safeguards and benefits for people with private insurance and Medicare

### Under the ACA, people with employer-sponsored coverage:

-  • Are protected from catastrophic medical costs because insurers can no longer impose annual or lifetime coverage limits
-  • Receive coverage of preventive services – including check-ups for babies, children, and adults; cancer screenings; and contraception – without copayments, deductibles, or other out-of-pocket costs
-  • Can immediately obtain coverage through Medicaid or Access Health CT if they lose their job-based coverage

These protections benefit the 53,000 New Haven residents – 44% of city residents under 65 – who have employer-sponsored insurance.

### In addition to those protections, people who buy insurance through the individual market:

-  • Cannot be denied coverage or charged more if they have pre-existing conditions
-  • Are guaranteed coverage of all “essential health benefits,” including treatment of mental health and substance use disorders, prescription drugs, and maternity care
-  • May qualify for financial assistance to lower their premiums and out-of-pocket cost-sharing on plans offered through Access Health CT, depending on their income

These protections benefit the 6,000 New Haven residents – 5% of city residents under 65 – who buy coverage through the individual market.

### The ACA gives Medicare beneficiaries additional coverage of preventive services and lowers their costs for prescription drugs. For them, the ACA has:

-  • Provided coverage of annual physicals, cancer screenings, and other preventive services, free of charge
-  • Increased coverage for medications in the “donut hole.” Medicare now covers 60% of the cost of name-brand drugs and 49% of the cost of generic medications for drug expenses that are between \$3,700 and \$4,950 per year. Without the ACA, Medicare beneficiaries would pay the full cost of these drugs.

These protections benefit the 17,000 New Haven residents – 13% of city residents of all ages – who are covered by Medicare.
