

Sanford Cloud Awards for Diverse Advocacy, Policy, and Equity: A Funding Opportunity for CT Health Fellows and Leaders

The Connecticut Health Foundation (CT Health) has invested in the development of over 200 leaders from diverse backgrounds for over 10 years with a focus on health equity, systems change, and advocacy. These leaders are advancing important health equity efforts in their communities, regionally, and across the state of Connecticut. The Sanford Cloud Awards for Diverse Advocacy, Policy, and Equity are designed to advance health equity for people of color by investing in initiatives led by the foundation's Fellows and Leaders as they apply lessons learned and skills gained from the Health Leadership Fellows Program and Academy for Health Equity Advocacy and Leadership to advance systems change for health equity.

Funding Opportunity Details

Goal

CT Health's network of over 200 leaders are agents of change advancing health equity in a variety of ways. This grant opportunity seeks to invest in the work of the foundation's leaders to advance health equity and drive change that can be replicated and scaled across the state.

Objectives

- Advance health equity by supporting fellow and leader-initiated projects that have the potential for scalable and sustainable impact across the state of Connecticut
- Apply lessons learned and skill gained from the leadership program to address real-world problems
- Foster engagement, collaboration, and collective impact among the Fellows/Leaders network

Project Examples

- Advocacy efforts to strengthen COVID-19 recovery, particularly for communities of color
- Implementing COVID-19 recovery efforts to address racial and ethnic health disparities
- Advocacy trainings to mobilize community members around a specific health equity policy goal
- Engaging an expert or consultant to support efforts to address racism as a public health issue
- Implementing a diversity, equity, and inclusion (DEI) initiative in your organization to learn best practices to advance a health equity lens, including documentation and dissemination for other organizations interested in undertaking similar DEI work

Selection Criteria

- Alignment with CT Health's strategic plan
- Demonstration of specific health equity issue or problem
- Feasibility of the project
- Magnitude of impact, including ability to replicate and sustain models past grant funding
- Appropriateness of requested budget
- Collaborations between two or more fellows/leaders are preferred
