SIGNING UP FOR HEALTH INSURANCE FOR 2023

Open enrollment is a time when people can sign up for health insurance or renew their coverage. Access Health CT's open enrollment period runs from November 1 to January 15. There are many options for health insurance available. Most Connecticut residents will qualify for financial help to lower the cost of these insurance plans. Some customers may even qualify for no-cost coverage.

What to Know About This Year's Open Enrollment

- You can use Access Health CT to apply for private insurance or HUSKY (Medicaid/Children's Health Insurance Program).
- If you are renewing your health insurance, make sure all your financial information is up to date in your Access Health CT account.
- If you qualify for HUSKY, you can enroll during open enrollment or at any time of the year.
- This year, some people will qualify for no-cost coverage through a program called Covered Connecticut. It is only available through Access Health CT.

Coverage Deadlines

For coverage that starts on January 1, enroll by December 15.

For coverage that starts on February 1, enroll by January 15.

Covered Connecticut works differently; if you sign up for this program, your coverage will start the 1st of the month following enrollment.
